A better Territory for all Territorians

STRATEGIC PLAN
Issued August 2019

INTEGRITY AND TRUST
The public service is trusted and valued
- Champion a single, coordinated Northern Territory Public Sector, with strong regional coordination, which is customer focused, responsive and accessible to the Territory community we serve
- Support the implementation of the Territory's integrity framework through accessible partnership approaches which reflect local priorities
- Support executive government in the delivery of high quality, accessible and effective democratic institutions and governance networks.

SAFE COMMUNITIES
A safe, resilient, liveable, inclusive Territory where people participate
- Help Territorians to prepare, respond and recover from emergency events
- Encourage community harmony
- Ensure Territorians have opportunities to influence decisions that affect their lives.

CHILDREN AND FAMILIES
Territory children and families are healthy, secure and connected
- Support the provision of coordinated and effective services for children and families
- Promote people’s involvement in community activities
- Support the evaluation of outcomes for Territory children and families.

CONNECTED COMMUNITIES
Strong connected communities leading change for their regions
- Support the implementation of Local Decision Making through the transfer of service delivery to Aboriginal people and organisations based on their community aspirations
- Build strong Aboriginal leadership and organisational governance to ensure local people drive local solutions
- Position regions for the future and provide opportunities for local leaders to have a voice.

PEOPLE, SYSTEMS AND GOVERNANCE
Our people, systems and governance arrangements are transparent, agile and accessible
- Maximise the effectiveness of government decision making through data and reporting
- Strengthen partnerships with the non-government and Aboriginal sectors
- Support innovative and evidence based approaches to achieve positive outcomes for the Territory
- Embed a people centric and authentic approach to teams, which encourages continuous improvements and reflects our community and diversity.

JOBS AND THE ECONOMY
A growing economy in places where Territorians want to live
- Support the development of a sustainable vision for the Territory economy
- Support the Territory response to the effects of climate change on the community and promote sustainable natural environment
- Support the growth of the Territory’s population
- Improve coordination of Aboriginal land and native title matters across the Territory to ensure land and sea ownership delivers on the economic aspirations of Aboriginal Territorians.
